

**Get your
voice heard**

Join our Health
Care Assistant
and Assistant
Practitioner Network
to share best
practice and get
your voice heard

The Network is free for RCN members to join and gives you access to:

- contact with like-minded colleagues
- HCA and AP specific events throughout the year in your region or country
- a dedicated project group member who will ensure your views and opinions are heard by representing and feeding back to the RCN HCA team, representing HCAs and APs nationally.

On joining you will receive a Network members' pack full of useful information to help you in your role.

**Don't miss out: Join for free, now.
Complete and post back the
application form overleaf to begin
making the most of your network.**

Join the RCN HCA and AP Network

The RCN represents the nursing profession, promotes excellence in practice and shapes health policies.

Don't forget, as part of your membership we offer:

- vital **protection** should you need representation or indemnity cover while at work
- **First Steps for HCAs** online induction training resource
- **representation, support and advice** from nursing professionals
- access to one of the **largest nursing libraries in the world**
- **discounts** at www.rcn.org.uk/xtra including holidays, high street shopping, gym membership, and consumer insurance products.

You must be an RCN member to join the HCA and AP Network. To join, please visit www.rcn.org.uk/join or call 0345 772 6100.

To join the HCA and AP Network, fill in the form on the right, tear off and post back to us.

For more details about the Network or what the RCN can offer HCAs and APs please email

lisa.cork@rcn.org.uk or **tanis.hand@rcn.org.uk**

Visit the website for more information and regular updates: **www.rcn.org.uk/hca**

Please fill in your details below and post to:
