Rapid response systems and medical emergency teams 2013

8th international conference

We are pleased to invite you to join us for the 8th international conference on rapid response systems and medical emergency teams, hosted by and in partnership with the Royal College of Physicians.

Venue

Royal College of Physicians
London, United Kingdom

'As the largest conference in this field, this is a must-attend event.'

Professor Tim Evans, RCP academic vice president

The conference will present an innovative programme with a mix of activities including invited papers, parallel sessions, workshops, posters, debates and roundtable discussions, covering:

- > identification of high-risk patients
- > recognising and responding to clinical deterioration
- > clinical communication
- > organisation and implementation of rapid response systems
- > continuing care of high risk patients recovering from critical illness
- > the future hospital
- > the unique opportunity to contribute to the study and development of new methods and modern approaches to performing research in the field of rapid response systems and patients safety.

Register your interest

Full information will be available shortly at: www.rapidresponsesystems.org or www.rcplondon.ac.uk/events

To pre-register your interest, email conferences@rcplondon.ac.uk with the subject heading 'Email alert: rapid response systems'.
