

The multidisciplinary team (MDT)

Jan Clarke, Consultant Nurse for Motor Neurone Disease, National Hospital
for Neurology and Neurosurgery

*'Provide coordinated care for people with MND, using a clinic-based, specialist MND
multidisciplinary team approach. The clinic may be community or hospital based'*

NICE Guideline NG 42, 2016

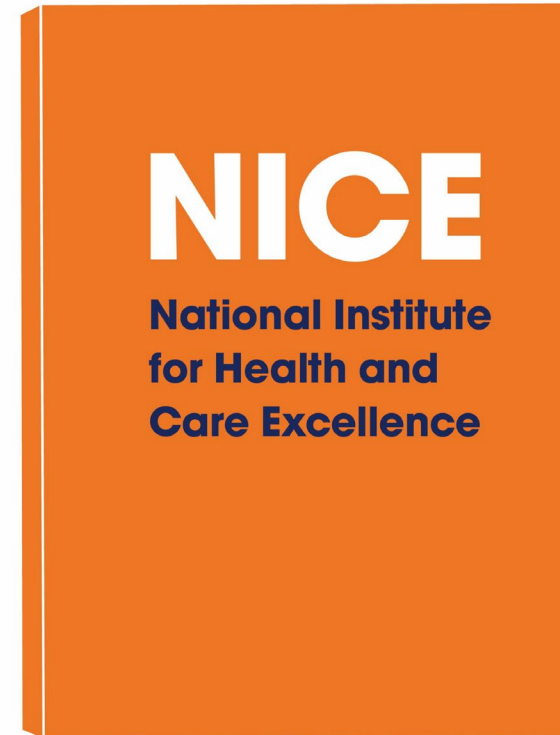

Issues for people living with MND

- Lack of control
 - Strain on informal carers
 - Social care can vary in quality
 - Coordinated MDT essential
-
- A key paper that highlights the importance of MDT working can be found [here](#).

Planning Care

- Unpredictable
- Rapid progression
- Changing care needs
- Coordinated care
- NICE Guideline on MND
