

Royal College of Nursing visits to sites around South Tees 27 January 2026

RCN Officer Jill Gale and rep Ann-Marie Cowans are visiting sites around South Tees on 27 January.

If you work in East Cleveland Community Hospital or Hillside then keep an eye out for them in the morning.

In the afternoon, they plan to visit Redcar Primary Care Hospital, Low Grange and Daisy Lane, so if you work there, keep an eye out after lunchtime.

They're coming to talk about the benefits of RCN membership, such as CPD opportunities, support with lifelong learning, revalidation support, the RCN's Nursing Workforce Standards, how to access expert advice, networks, and resources and how to become a champion for your work environment.

They will be giving out goodies and can explain how to save money on your weekly shop and more using RCNXtra so try not to miss them.
