Welcome letter

Dear colleague,

Welcome to Leeds!

On behalf of the Royal College of Nursing (RCN) and UK representative committees, we welcome you to the UK representatives' autumn conference. We are coming together as a community of reps over the next two days, united in our desire to create fair, healthy workplaces where nursing staff have access to the learning and development they need.

A very special welcome to those of you attending for the first time. To support you on your first conference experience, regions and countries will be sat together on the same table so you can find each other easily. The UK reps committee members are on hand to offer support (look out for their different coloured badges) and should you have any questions, the team on the registration desk will be happy to help.

There are sensitive topics on the conference programme which may be difficult and emotionally charged for some. Please do seek support if you need it. There is written guidance available on tables offering practical advice on dealing with difficult feelings and emotions in the moment. It also details how individuals can access the RCN counselling service if needed. RCN staff trained as Mental Health First Aiders are also onsite if you need a listening ear. Staff on the registration desk can direct you to them.

RCN reps make a difference. Learning together and sharing experience enables us to go back to our workplaces with new ideas and actions to implement. Take the opportunity to visit the exhibition stands, talk to your UK rep committee members, pick up resources, ask questions and build connections with your fellow reps. You will receive a sheet where you can note down contacts, useful resources, actions and learning points to revisit after the conference.

The RCN believes in life-long learning and actively promotes the continuing professional development of nurses. For this reason, certificates of attendance are provided on arrival and the framework for reflection can be found on the reverse. You are encouraged to contribute attendance at RCN events towards your framework for reflection which can be included in your portfolio.

You will receive an email with a link to the online conference evaluation. We'd be grateful if you would complete this as soon as possible and within seven days of the conference. Your comments and feedback are invaluable in helping us plan future RCN conferences. We'd like to thank you for attending this conference and look forward to meeting you. With best wishes from your conference planning group.
