

**Older People's Nursing Forum
Committee Charter 2020**

Forum vision	Remit
<p>Our Forum supports the delivery of excellent nursing care for older people in all settings. We believe that there is a need to promote Older People's Nursing within the wider community and showcase the joy and potential within the speciality.</p> <p>Older people use the majority of clinical services and care is not simply confined to one speciality. The forum aims to support all nurses by providing expert advice and resources which enable them to deliver the best standard of care.</p> <p>We will also endeavour to collaborate with other forums and external organisations with an interest in older people's care. The forum will support the Older People's Professional lead through responding to consultations and deputising at events.</p> <p>The forum will place the voice of older people and people living with dementia at the heart of our work and ensure that it is heard in everything we do.</p> <p>We will provide advice, guidance and resources on subjects within our speciality where required and we will be an expert resource for the RCN and wider membership.</p> <p>We will maintain the means for the membership to get in touch and communicate with us through Facebook and twitter.</p>	<p>Promote the Older People's nursing contribution for all RCN members.</p> <p>Support good practice and disseminate useful information.</p> <p>Support the development of education and learning resources.</p> <p>Contribute to the development of local and national policy.</p> <p>Disseminate resources as they become available.</p> <p>Provide professional support to specialist practitioners.</p>
Team Deliverables	Team Outputs
<p>Agree and deliver an action plan annually</p> <p>Develop and maintain RCN resources as per action plan</p> <p>Actively participate in RCN Congress ensuring that the Forum is heard and impacts on RCN Policy.</p> <p>Increase membership.</p> <p>Contribute to key documents and consultations with specialist knowledge and skills.</p> <p>Provide specialist advice on older people's nursing and dementia care to the RCN.</p> <p>Advise on Older People's nursing at key stakeholder events on behalf of the RCN.</p>	<p>Deliver Action plan to agreed timetables</p> <p>Maintain and update website where necessary</p> <p>Visible attendance and participation at Congress.</p> <p>Presentation of Forum Activity to wider audience.</p> <p>Submit reports where required.</p>
