Welcome

The theme of this year's conference is the impact of nursing research. This is very fitting as 2019 is the 60th year in which there has been a meeting of nurses to share their research and meet like-minded colleagues. The first such meeting took place in the RCN headquarters in London in 1959 as a research discussion group attended by Doreen Norton, Winifred Raphael, Gertrude Ramsden, Muriel Skeet and Lisbeth Hockey. This discussion group developed into the RCN Research Society and evolved into the Annual International Research Conference. Building on this legacy, we are delighted to welcome you to Sheffield for three days of sharing and discussing research that has international relevance to both nursing and wider health care provision. A new development this year is that the Winifred Raphael Memorial Lecture has been incorporated into the conference programme and we look forward to seeing many colleagues at this event on the evening of the second day.

Each day comprises a mix of keynote speakers, concurrent sessions, posters and symposia. Hosted 'walking tours' of the posters and a number of fringe/networking events will also be held during the conference. We encourage you to participate in all that the conference programme has to offer.

The success of the event depends on the expertise, time and assistance of many people including the International Scientific Advisory Panel, RCN Scientific Committee and the Local Organising Committee. Thank you to all of you who contributed to putting this excellent programme together.

The full book of abstracts can be downloaded to your device or viewed online at: www.rcn.org.uk/research19

Exhibition

An exhibition will accompany this event. Please visit these stands as this is an important feature of the conference and the companies and organisations represented have been very supportive.

Evaluation

Feedback about the conference is very important to us and is used to inform planning for future events. An evaluation form will be emailed to all delegates after the conference and we ask that you take time to complete this, we are grateful for your contribution.

Questions

If you have any questions during the event, please speak to RCN staff at the registration desk. Members of the RCN Research Society Steering Committee will also be available throughout the conference and are very happy to discuss the conference and/or any wider issues relating to your Society.

We hope you will benefit from the learning and many networking opportunities that the research conference affords. We hope you also find some time to enjoy the warm hospitality of the city of Sheffield.

We look forward to meeting as many of you as possible during the conference

Best wishes

Ambassadors

Ambassadors are the welcoming face of the conference, a source of information and a point of contact. Their role is key to how you, as a delegate, experience the conference and your visit to Sheffield. Ambassadors particularly help international delegates orientate themselves to the local area and navigate around the conference. They are invaluable and without their behind the scenes work and efforts the conference would not be the success that it is.

If you require any help, please ask an ambassador – they are clearly visible by their red gilets.

The RCN Research Society Steering Committee and RCN Events team would like to thank ambassadors from the following organisations:

- Barnsley Hospital NHS Foundation Trust
- Doncaster and Bassetlaw Teaching Hospitals NHS Foundation Trust
- Public Health England
- Sheffield Children's NHS Foundation Trust
- Sheffield Hallam University Students
- Sheffield Health & Social Care
- Sheffield Teaching Hospitals NHS Foundation Trust
- The Rotherham NHS Foundation Trust

Main Conference Sponsor

We are extremely grateful to The University of Sheffield for supporting this event. The University of Sheffield have a stand in the exhibition hall to answer any queries you may have.

General information

Conference registration and enquiries

The registration and enquiries desk is located in the main entrance of the Hertha Ayrton STEM Centre.

Registration is open as follows:

Tuesday 3 September:
8.30am-6.30pm

Wednesday 4 September:
7.30am-6.15pm

Thursday 5 September:
7.30am-4.30pm

Conference materials

A delegate badge, certificate of attendance and a conference programme will be provided at registration.

Please note, delegates should download the full *Book of Abstracts* to their device if they have not already done so, or view online at www.rcn.org.uk/research19

Badges

For security reasons, delegates must wear their badges at all times in the University. Delegates will be challenged if they are not wearing a badge.

Catering

All refreshments and lunches will be served in the Hertha Ayrton STEM Centre. Evening meals are not included in the conference fees.

Cloakroom

A cloakroom will be available for use during the conference.

Programme

Please refer to the schedule in this brochure for the times and locations of all conference sessions. Staff and ambassadors will be on hand to guide you as necessary.

All concurrent sessions are located in the Eric Mensforth building.

Posters, exhibition and catering are in the Hertha Ayrton STEM Centre building, both of which are located at the City Campus of Sheffield Hallam University.

Keynote/main hall sessions

Keynote/main hall presentations will take place in the Pennine lecture theatre in the Howard building.

Concurrent and symposia sessions

Places will be allocated on a first-come, first-served basis. To ensure a seat, please arrive promptly.

See the programme at a glance for room numbers.

Fringe events

If you plan to attend a morning fringe event, we encourage you to arrive 15 minutes before the start of the session and make your way to the Hertha Ayrton STEM Centre where breakfast will be available to take to the room.

Exhibition and posters

Exhibitors have chosen to exhibit at this conference as they feel their products and/or services may be of interest to you. The exhibition supports the conference so please make time to visit each exhibition stand during the exhibition viewing times.

The exhibition and poster display will be located in the Hertha Ayrton STEM Centre building.

Exhibition opening times:

Tuesday 3 September:
8.30am-6.30pm

Wednesday 4 September:
7.30am-6.15pm

Thursday 5 September:
7.30am-3.45pm

Daily poster tours

Posters are an important medium for showcasing work. Different posters will be shown on each day of the conference.

In the poster viewing time during lunch or drinks reception, poster presenters will be available at their poster. Experienced Chairs will lead walking tours for small groups of delegates during the poster viewing time (see programme for specific times) and poster presenters will be invited to summarise their poster and answer questions after.

Poster tours depart promptly from the Poster tour point in the Hertha Ayrton STEM Centre. Please make your way to the poster tour point a few minutes **before** the time shown in the programme (this varies slightly each day). The Chair will be identifiable by their poster tour clipboard.

Electronic devices

Out of courtesy to others, delegates are requested to switch off, or set to silent, all electronic devices during conference sessions.

Internet/Wi-Fi

The venue has a free delegate Wi-Fi network for web browsing, checking emails and social media.

Guest Wi-Fi access instructions:

- Connect to the network 'SHU-Guest'
- SHU-GUEST should now be connected. Launch your internet browser. This will redirect the user to the SHU-GUEST service login page.
- Enter your guest login details provided by the on-site RCN Events Team or Ambassadors.

Continuing Professional Development

The Royal College of Nursing believes in lifelong learning and actively promotes the continuing professional development of all nurses. Authorised Royal College of Nursing certificates of attendance have been issued to all participants. This event is also subject to the RCN Events quality assurance framework. You should log what you have learnt at this event using the framework for reflection guidelines on the back of your certificate and keep this document in your personal professional portfolio.

Royal College of Nursing (RCN) Membership

If you have any questions about your RCN membership or wish to learn more about becoming a member, please speak to RCN registration staff during the refreshment or lunch breaks.

For RCN members, the RCN offers a number of free online resources with all the latest information and guidance on particular nursing practice issues such as: clinical guidelines, patient safety and eHealth.

First Aid

If you or a colleague require First Aid, please come to the RCN registration desk in the first instance.

Liability

The RCN will not accept any liability for loss or damage to personal effects which may arise as a result of attending this event.

Lost and found

Please contact the RCN registration/enquiries desk in the first instance.

The ABPI and you

The ABPI is a voluntary code of practice for pharmaceutical companies. Its aim is to ensure the promotion of medicines is carried out in a way which supports high quality patient care. The RCN endorses the code, and supports those pharmaceutical companies who abide by it.

What the code means for you:

The event venue will be appropriate for the educational event – it will not be extravagant, so you will know that you are getting value for money.

Companies will not sponsor or organise entertainment. Definitions of the sponsorship will be declared in the relevant events materials so you are clear where funds are going.

You will be told if any consultants or speakers have relationships with pharmaceutical companies. Promotional gifts, inducements or aids must be inexpensive and relevant – they should benefit patient care. This means that the number of 'freebies' available from exhibitors could significantly reduce.

Now with added

WOW

The logo for RCN Xtra features the word "Xtra" in a white, cursive font, centered within a red circle. Above the "Xtra" text, the letters "RCN" are written in a blue, sans-serif font. The entire logo is set against a teal background with white stars and swooshes.

RCN membership is more rewarding than you think

With fantastic offers from over 3,000 of the UK's top retailers, you can save on everything from groceries, nappies and pet food to big ticket items like mobile phones, computers and holidays. You can also collect **WOWPoints** – loyalty points – which can be redeemed on your future purchases.

Access RCNXtra for free as part of your membership. Simply sign in using your membership number and start using the benefits today!

Nursing Research Excellence.

Our Division of Nursing and Midwifery is globally recognised for high-quality nursing, health and social care research.

Our internationally renowned staff undertake research that has a real impact in these areas:

- Enhancing the lives of older people and their families
- Child and family health and wellbeing
- Palliative and end of life care.

92% of our research was assessed as world-leading or internationally excellent.

(Research Excellence Framework 2014)

The Division of Nursing and Midwifery is home to the Strategic Research Alliance (SRA), a collaboration between the University of Sheffield and the Royal College of Nursing. The SRA conducts research activity to enhance nursing policy and practice in the UK and around the world.
