Paediatric Nursing Associations of Europe
Dear colleagues,

The Paediatric Nursing Associations of Europe (PNAE) in collaboration with the Turkish Pediatric Nurses’ Association (TPNA) are delighted to invite all Paediatric Nurses to the 1st PNAE Congress on Paediatric Nursing, which will be held on 1-2 December 2011, in Istanbul.

We intend to join forces in order to promote and ensure quality paediatric nursing care, keeping in mind the need for specialized care by health professionals, with both high level of theoretical knowledge and practical skills.

The Scientific Programme of the Congress will include a large number of educational and scientific events, along with abstracts from distinguished paediatric nurses who will share with us their research findings, empirical knowledge and experiences regarding the care of children, young people and their families.

We owe particular thanks to Professor Andreas Konstantopoulos, President of European Paediatric Association (EPA/UNEPSA), for supporting the nursing community and ensuring the conduct of this nursing Congress.

We anticipate the attendance of Paediatric Nurses from across Europe, as the 1st PNAE Congress on Paediatric Nursing will be a good occasion to enrich knowledge and experience about the latest developments in the care of children, young people and their families.

Istanbul is a lively city with a rich and vibrant culture and history. The conference facilities are first class and will provide you with access to the latest technology.

Dear Nurses, we are looking forward to seeing you at the Congress on 1-2 December 2011, in Istanbul.

Further details about the Congress will be announced shortly at www.pnae-congress.org

Please take into consideration that the authors, who didn’t follow the abstract submission guidelines of the 300 words limit, have been informed and they will submit their abstracts again. However, the extended abstracts from the particular authors should not affect the evaluation of the other abstracts, which followed the word limit.

We would like to remind you that ideally the evaluation process should be completed as soon as possible and not after Friday, September 30th to allow us to meet the production deadlines set by Wiley Blackwell.

We hope you find this information and the procedure described above helpful. We would like to thank you for your participation in the abstract reviewing process.

Thank you in advance for your collaboration,

Best wishes,

Dr. Vasiliki Matziou

1st PNAE Congress on Paediatric Nursing, Istanbul, 1-2 December 2011

Date of submission: 2 November 2011

REGISTRATIONS

- Total registrations: 77 delegates
- Total number of countries: 18
- Countries breakdown: BELGIUM (2), CROATIA (3), DENMARK (3), GREECE (25), INDIA (1), IRAQ (2), IRELAND (1), ITALY (4), JAPAN (4), NETHERLANDS (4), QATAR (1), RUSSIA (1), SERBIA (1), SLOVAKIA (1), SWEDEN (1), TURKEY (15), UNITED KINGDOM (7), UNITED STATES (1).
MAIN BARRIERS

- Contact and Abstract Submission Problems due to an error in website
  - Fiona Smith, Konstantinos Petsios & Dr Matziou had to deal with an average of more than 10-15 mails per day

- Delayed communication with the Turkish Association
  - Fiona Smith, Konstantinos Petsios & Dr Matziou made several efforts for more than two weeks in order to contact the right person in Turkey
  - Main barrier was the communication in English
  - Nevertheless, after the establishment of a communication with Prof Ayse Ocacsi the cooperation was perfect.

- Authors did not follow the instructions for abstract submissions
  - All the abstracts were reformed in order to have a homogeneous form by a team from the Hellenic Paediatric Sector coordinated by Dr Matziou
  - Corrected proofs were sent back to Acta Paediatrica
  - All authors were informed about the reformation by the scientific committee.

- Four invited speakers/moderators had to withdraw their original acceptance due to personal or professional reasons.
  - There was a delay in the confirmation of the final program.
  - They were all replaced asap
