

# SAVE THE DATE

## Functional Neurological Disorder Masterclass

**Thursday 9 May 2019**

**09:30 am—16:30 pm**

**Fetal Medicine Research Institute, 16-20 Windsor Walk, SE5 8BB**

### Overview:

King's Health Partners Neurosciences invites you to this one-day masterclass which will provide the opportunity to learn about diagnosis and treatment approaches in Functional Neurological Disorder. Attendees will also have the opportunity to network with a range of professionals from different backgrounds and share best practice.

### Who should attend the masterclass:

Any health professionals with an interest or who care for patients with Functional Neurological Disorder and their families. For example:

- Allied health professionals
- Neurologists
- General Practitioners
- Accident and Emergency staff
- Neurorehabilitation MDT members
- Psychologists
- Psychiatrists
- Nurses

### Teaching structure:

The masterclass will be delivered by a multidisciplinary team consisting of clinicians and academics with extensive experience in effectively managing Functional Neurological Disorder patients and involves interactive lectures with discussion. Attendees will also have access to an online virtual learning environment with electronic copy of all teaching material including slides of presentations, handouts and resources.

### Speakers include:
