

Your NHS Pay Award

The government is due to make a pay award for NHS Staff on Agenda for Change (AfC) contracts. After years of underinvestment, the cost of living is spiralling and adding pressure to an overstretched workforce.

Fair pay is vital to improving staffing levels and providing patients with safe, effective care.

If you are an RCN member working in the NHS on an AfC contract, you will be asked for your views on the pay award.

Make sure you have your say for your profession and patients. Your strength is in your numbers.

The RCN is its members. You are the voice of nursing and an advocate for your patients.

Don't miss the chance to have your say and encourage others to do the same.
